

Data Sheet

HST 555 A Multihole backing pad for random orbital sanders

Advantages: Very good heat resistance adhesion for all self-fastening discs - For all standard hole patterns, also for netlike and diverse multihole patterns - Self-fastening backing pad compatible with BOSCH GEX-150 series

Diameter/mm	Holding device	Density	Hole pattern	Max. RPM	Cat.number
150	thread M8	medium	multi hole	10.200	320490
