

Abrasive paper, ANTISTATIC

PS 38 G ACT

Properties

Bonding agent	Resin
Grain	SiC
Coating	Close
Backing	G-paper

Product benefit

High removal rate and fine surface scratch pattern - Developed for fine sanding of wood based materials with wide belts and segmented belts - Outstanding grit adhesion, very long service life due to perfect antistatic properties and ACT recipe

Available grits:

16 24 30 36 40 50 60 80 100 120 150 180 220 240 280 320 360 400 500 600 800 1000 1200 1500 2000 2500 3000
