

# Data Sheet

## DT 900 B Special Diamond cutting blades for angle grinders for Cured concrete, reinforced, Concrete

### Class Special

Aggressiveness 

Service life 

### Applications

Cured concrete, reinforced

Concrete

Chalky sandstone

Construction materials

### Properties

Segmentation  Standard

Design  Laser welded

Advantages: Titanium-coated diamonds for first-rate cutting performance - Fast cutting speed even on reinforced concrete - Unrivalled service life - Designed for professional applications on concrete

Diameter /mm	Bore /mm	Vmax m/s	Max. RPM	Width of segments /mm	version of the rim	Cat.number	Availability
115	22,23	80	13.300	2,4	standard serration	325205	
180	22,23	80	8.500	2,6	standard serration	325027	
125	22,23	80	12.200	2,4	standard serration	325208	
230	22,23	80	6.600	2,6	standard serration	325034
