

Data Sheet

DK 612 B Supra R 1/2" BSP Male drill bit for Concrete

Class Supra

Aggressiveness

Service life

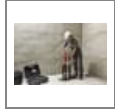

Applications

Concrete

Properties

Segmentation Standard

Design Laser welded

Advantages: Drill bits for universal applications - High cutting speed and service life - Can be used on electric drilling machines - For replacement segments, see DE 600 B

Diameter/mm	Bore/mm	Holding device	Width of segments/mm	segmenthoehe/mm	version of the rim	Effective length/mm	Cat.number
51	12,7	thread 1/2"	2,5	10	standard serration	300	325720
56	12,7	thread 1/2"	2,5	10	standard serration	300	325721
61	12,7	thread 1/2"	2,5	10	standard serration	300	325722
71	12,7	thread 1/2"	2,5	10	standard serration	300	325724
81	12,7	thread 1/2"	2,5	10	standard serration	300	325755
91	12,7	thread 1/2"	2,5	10	standard serration	300	325756
101	12,7	thread 1/2"	2,5	10	standard serration	300	325757
111	12,7	thread 1/2"	2,5	10	standard serration	300	325758
121	12,7	thread 1/2"	2,5	10	standard serration	300	325759
131	12,7	thread 1/2"	2,5	10	standard serration	300	325761
141	12,7	thread 1/2"	2,5	10	standard serration	300	325762
151	12,7	thread 1/2"	2,5	10	standard serration	300	325763
161	12,7	thread 1/2"	2,5	10	standard serration	300	325764
171	12,7	thread 1/2"	2,5	10	standard serration	300	325765

180	12,7	thread 1/2"	2,5	10	standard serration	300	325766
201	12,7	thread 1/2"	2,5	10	standard serration	300	325768
