

Data Sheet

DK 654 B Supra 1 1/4" UNC Female drill bit for Concrete

Class Supra

Aggressiveness

Service life

Applications

Concrete

Properties

Segmentation Standard

Design Laser welded

Advantages: Drill bits for universal applications - Very fast cutting - Long service life - Roof-shaped segments - Can be used on electric and hydraulic machines - For replacement segments, see DE 600 B

Diameter /mm	Bore /mm	Suitable for	Width of segments /mm	version of the rim	Effective length /mm	Cat.number	Availability
