

# Data Sheet

## NDS 555 C Backing pad for SCM discs with centre hole

New

Advantages: Easy and always centric positioning of the non-woven web discs - Good adhesion due to special self-fastening hooks - Less vibrations, stable running - No loosening of the discs, even with decreasing adhesion - Adaptable, for surfaces and light contours

Diameter/mm	Holding device	Max. RPM	Suitable for	Cat.number
115	thread M14	13.300	Diameter 115 x 22	358126
125	thread M14	12.200	Diameter 125 x 22	358127
